This modern new building project is located directly on the Weitling-Kiez in the district of Lichtenberg, which consists to a large extent of period buildings, as the district has a very long history. The district continues to develop, which is why many of these buildings have been redeveloped over time. In general, there are many green spaces and parks here, and the Tierpark Berlin can be reached on foot. The area is also very child- and family-friendly and, due to its proximity to the University of Technology and Economics, is also ideal for students. The apartments in the project are therefore not only ideal for private use, but also as an investment. Each apartment in the project benefits from large windows and lots of natural light. Wooden floors with underfloor heating and a very clear and bright design of the apartments ensure even more cosiness. Lichtenberg train station is only a 7-minute walk away. Here you have a connection to the regional service, the S-Bahn and the U-Bahn. With the S-Bahn you can reach Alexanderplatz in under 15 minutes. Our First Citiz Berlin team will be happy to provide you with further information on this property or to arrange a viewing.
