An indoor stair leads down to 2 further bedrooms and family bath. Through an outside stair you get to the lower floor with an independant apartment with 2 bedrooms and family bath. On this level you find also the pool (with heat pump), a big summer kitchen and a full shower room. From every level you get the fantastic seaview. As extras it has gas central heating, air condition, laundry room, store room and is sold fully furnished. An excellent rental investment! There is also a boat to be sold.
